

Thank you to **Senator Chuck Schumer, Congressman Tom Suozzi, and Senator Kirsten Gillibrand** for securing **\$1.092 million** in funding for the **PWWPCD!**

This funding will allow us to upgrade **two aging pumping stations**, some of which are over **60 years old** and in urgent need of repair. Best of all, it helps **save our taxpayers money** by reducing the need to use bond funds.

We truly appreciate their support of our community and its critical infrastructure.

Thank you

**Senator Chuck Schumer
Congressman Tom Suozzi &
Senator Kirsten Gillibrand**

for your generous funding of

\$1.092M

*to the Port Washington Water
Pollution Control District!*
